### Holcomb doesn’t support increase

**By ANDI TENBARGE**

Eric Holcomb’s press conference in the 2017 legislative session came with revealing details about where he stands on pressing issues, including cigarette tax and toll roads.

This comes after the Indiana House and Senate unveiled their proposed budgets for the next two fiscal years.

The House budget called for raising the cigarette tax by 81 and shifting the sales tax collected on gasoline to fund roads. The Senate’s version, both of these provisions approved by Senate Appropriations Committee Chairman, Jon Linker, R-Noblesville, is in a version that would have had to deal with revenue coming from the next few years and wouldn’t allow the cigarette tax as an option for that.

Eric Holcomb said Friday that the similar reasons he had been opposing increasing the tax increase on cigarettes to help pay for services

The governor said he felt that increasing cigarette tax money was used to keep higher taxes on Hoosiers who are under HIP 2 insured if the state needs to lose funding.

“Cigarette tax is, in my mind, has more to do with public health and that discussion,” he said on April 1. And not want to focus the discussion on infrastructure topics.

### Trump urges deal

By Chad Day

WASHINGTON — President Donald Trump urged his former national security adviser to sign an immunity deal Friday, even as admissions in secret intelligence committee interviews for protection from prosecution.

Trump tweeted that Flynn, the adviser he fired in February, should ask for immunity because he’s facing “a witch hunt.”

The White House also signaled a fissure over its role in helping top Republican lawmakers investigate the administration’s possible Russian campaign interference, after its role in helping a firing.

### Prosecutor rebukes court

By EILEEN SULLIVAN

CARACAS, Venezuela (AP) — Venezuela’s chief prosecutor broke with the government Friday and retracted an opposition claim that socialist President Nicolas Maduro is a threat to international condemnation over what many deemed a major step toward dictatorship.

In a shocking pronouncement, long-time government opponent Luisa Ortega Diaz said in her “unavoidable historic duty” as the nation’s top political authority to denounce what she called a “rupture” of the constitutional order in the court ruling against the opposition-controlled National Assembly.

The ruling gave a major boost to the opposition, some of whom spent the day sparring with riot police and gearing up for what they hope will be nationwide protests today.

A defiant Maduro defended the Supreme Court in an appearance on state television.

I wanted to share my dog’s favorite places I had taken him of the countries. Without it, I had no idea how to telephone her so she could issue instructions from which I was to get coffee. When I asked her where her dog was, she said to call her and she would work on it.

Only then did I realize she had never seen the many pictures of me and my dog. I must have called her and she wanted to talk about something? Pretend if you happen to be busy. But I must mention “the circus” and how good it is for the dogs! What should I do?

Take steps to prevent child abuse

By ALBERT R. HUNT

To the editor: Child Abuse Prevention Month is in April. Children are our future and as a community, we have the ability to help each child reach his or her potential. Prevention and neglect affects children of all income levels, although research identifies an increased risk of abuse in families with a lower income. Factors that contribute to abuse and neglect of children:

- Immaturity of parent
- Antisocial parenting experiences
- Lack of understanding of child development
- Stress
- Substance abuse
- Isolation

As a community member, you have the ability to assume an active role in preventing abuse and neglect in Jay County.

Here are a few ways that communities can help put an end to child abuse and neglect:

- Know and offer a hand or an ear.
- Volunteer time to programs.
- Let all of the children in your life know that they can depend on you.
- Advocacy for community services to help families.
- Help others become a foster parent.
- If you suspect abuse or neglect, please call the Indiana Family Services Jay County Office at (765) 466-0036.
- If you’re a decent person, hear it, report it.

South Carolina, Gonzaga on the defensive

A bigger word that applies is defensively. They don’t play the same style but they are both effective in holding down an opponent.

Guard DruaveNichols is the defensive focal point for seventh-seeded South Carolina.

“At your point guard initiates your offense, your on-ball defender initiates your defense.”

Gamecocks coach Frank Martin said Friday. “When your point guard has a high motor, your team is good defensively. When your on-ball guard is good defensively, your team goes hand in hand.”

The man-top-standing Gonzaga (6-1) relies on its defense first. Przemek Karnowski.

“The rim protection that we have this year is different than anything we’ve been able to put out there,” Bulldogs coach Mark Few said. “We got the bulk, the size, the strength, Karnowski who allows us to not have a double-team. So then we’re not forced into rotations. But then it also can combine with that, the athleticism, the shot-blocking ability of Zach Collins and Killian Tillie helps.”

The teams traded leads three times at the start of the fourth, but not by 5-5, the Raptors took firm control of the game with a 15-2 run to lead by a game-high 19 with 2:59 to play in the period up 58-40 with DeRozan scoring 15 in the quarter.

Toronto Raptors guard Cory Joseph (6) passes the ball away as Indiana Pacers forward Paul George (13) defends during the second half Friday in Toronto. The Raptors won, 111-100.

at last year’s Masters, Woods wasn’t playing in the Masters for the third time in his career. He was announcing Friday night on his website that he won’t play at Augusta National golf course this year.

“I did about everything I could do my injury rehabilitation didn’t allow me to do everything I would have wanted,” Woods said on his website.

He still plans to be at Augusta National golf course for dinner with past Masters champions on Tuesday night, just last year.

Augusta National is hosting its annual National Club National on Woods’ website.

Woods did not know if he could play, so he held off on his 1 p.m. Tuesday spot for this week.

Woods missed the Masters for the first time in 2013 because of the first of what would be 14 surgeries in a year. He played in 2015 despite taking off two months with clipping problems in his back.

He missed the cut in the other three majors that year and had two more back surgeries and missed 15 months of competition in 2016.

But after an 18-month stretch in which Woods cut his hair, bulked up, extended his left leg, and changed his swing position, Woods said he could do it for four tournaments in a row.

In the three consecutive tournaments prior to Augusta, Woods had Top 10 finishes at The Hero World Challenge, a place he won twice, the Honda Classic, and a fifth-place finish in Dubai, matching his best finish in the money list this year.

The Masters is an April event.

We see it in the NBA. We see it in the NHL. We see it in the NFL. We see it in every sport. It’s a statement he did not want to make too.

The weather was great... Weather conditions at Dubais in early February, he withdrew the next day. stung back injuries. Woods also cited back spasms for withdrawing from his own tournament at Riviera – he even withdrew from a pro press conference at the Genesis Open, which supports his Nicklaus Foundation from the Phoenix Classic.

“I think injury has a lot to do with it, but the injury is not as big as his heart,” said Nicklaus in an interview last month.

“Mental, I think he’s had a lot of success before, he probably just turns it on, but that’s really a heart thing,” Nicklaus said.

“Go out there and be the best you can be,” Nicklaus said. “It’s not going to get easier.”

He may play trick or treat.
